McLURE HOUSE,

ON NASAL CATARRH

AND ITS EFFECT UPON THE SYSTEM.

Catarrh consists of inflammation beginning below the nostrils, extending up the nasal cavity and extending upward into the nasal cavity of the face. It causes a nasal discharge, which is at first watery, then becomes thick and yellow, and finally becomes a hard, dry crust. It is often accompanied by a sense of fullness in the head, and by a feeling of pressure across the bridge of the nose. It is often a forerunner of more serious diseases, such as sinusitis, and should be treated at once.

The sense of smell becomes impaired, the eyes are weak, and, as the inflammation extends up the nasal cavity, it may cause a headache, or a feeling of pressure across the bridge of the nose. It is often a forerunner of more serious diseases, such as sinusitis, and should be treated at once.

With every incentive to enjoyment and usefulness, there are many who, from a variety of causes, such as colds, or a general debility, are unable to enjoy life, and who, in consequence, are often the cause of much suffering to those around them.

Consequently, the first step in the treatment of Catarrh is to remove the cause, and to restore the system to its normal condition. This can be done by the use of the "Lighthill & Reid" Catarrh Cure, which is a powerful and reliable remedy for all cases of Catarrh.

Dr. Lighthill & Reid's Catarrh Cure is a powerful and reliable remedy for all cases of Catarrh. It is a simple and easy to use, and it is guaranteed to give relief in all cases.

The Intelligencer.

To-day has been fixed for the election by the Legislature of a State Superintendent of Schools. Eleven o'clock is the hour fixed for going into the election. It will be seen by reference to our columns for a day or two past that there is no plentiful lack of candidates. Prof. White, the present Superintendent is a candidate for re-election. The other candidates named are Capt. H. A. G. Ziegler, editor of the *Pullman Flag*, Gen. Milton V. Wells, and Mr. L. G. Russell, of this city.

The Legislature failed again yesterday to reach a choice for Public Printer. A vote was taken in the House, but owing to a misunderstanding of the mode of procedure the Senate adjourned before the action of the House was communicated.

A Washington telegram says John M. Langston, of Ohio, the celebrated colored orator of whom we heard so much during the last campaign, will be an applicant for the Ministry to Hayti, under Grant, with every prospect of success. This is the position which the President has offered to him, but declined for the reason that he would not dim his future political prospects by accepting an office under the present administration.

"Good evening, General Grant," said a pleasant office-seeker the other night to the President elect. "I've been looking for you," said Grant, "I've been looking for you."

THE BELMONT COUNTY TRAGEDY

Brutal Murder of a Girl Fourteen Years of Age.

The Murderer Attempts Self-Destruction.

From the *Intelligencer* of Yesterday.

On last Thursday afternoon between 3 and 4 o'clock, one of the most startling and remarkable crimes was committed in Belmont County, Ohio, in the town of Harrison, that was ever perpetrated in any country, and has caused in the immediate vicinity a feeling of horror and dread.

The victim of the crime was a young girl, named Mary, who was about 14 years of age. She was the daughter of a well-to-do family, and was much beloved by her parents and friends. She was found lying on the ground, with her head broken, and her body covered with blood.

The murderer, a man named John, was found standing over the body of the girl, with a bloody knife in his hand. He was arrested at once, and is now in the custody of the authorities. He is charged with the murder of the girl.

The case is now being investigated by the authorities, and it is expected that the murderer will be brought to justice. The community is in a state of shock, and the authorities are doing everything possible to bring the murderer to justice.

CONGRESS.

SENATE.

WASHINGTON, January 28.

The President presented the credentials of Senator Scott, of Pennsylvania. In the special order the constitutional amendment came up. The amendment was originally introduced by Mr. Henderson in these words:

ARTICLE 15. No State shall deny or abridge the right of its citizens to vote on account of race, color, or previous condition of servitude. The amendment was referred to the Judiciary Committee.

The right of citizens of the United States to vote and hold office shall not be denied or abridged by the United States or any State on account of race, color, or previous condition of servitude.

Mr. Stewart offered an amendment to the second section which was adopted, conforming it to the language in the 15th article, that Congress shall have power to enforce this article by appropriate legislation.

Mr. Stewart then made a brief speech in advocacy of the proposed amendment, as reported from the Judiciary Committee. The second clause of the first section of article 20th of the Constitution shall be amended so as to read as follows:

The right of citizens of the United States to vote and hold office shall not be denied or abridged by the United States or any State on account of race, color, or previous condition of servitude.

There was nothing known in Honduras of the projected railway talked of in New York.

A successful attempt was made to poison President Guzman, of Nicaragua.

Nothing is known of Cushing's mission.

At the State Workingmen's Assembly yesterday, a resolution was adopted to make a committee to prepare a bill to be presented to the Legislature, providing that all apprentices shall serve not less than five years.

NEW YORK.

NEW YORK, Jan. 28.

The Herald's Havana special of the 25th, via Key West, says that intelligence has been received here that Puerto Principe was captured by the United States, under Gen. Quema, on the 16th inst., the same day that Count Valmaseda entered Bayamo. The excitement in the city is intense, and the feeling of unity between the Spanish volunteers and the Cubans, is manifesting itself in the number of persons who are killed nightly. A memorial has been presented to General Dula, by the American citizens here asking for protection. The engineer corps is now mounting guns, and the officers of volunteers are ordered by General Dula to meet some place for consultation, as to the course to be pursued.

The Judiciary Committee reported a substitute for the first section of the following:

The right of citizens of the United States to vote and hold office shall not be denied or abridged by the United States or any State on account of race, color, or previous condition of servitude.

Mr. Stewart offered an amendment to the second section which was adopted, conforming it to the language in the 15th article, that Congress shall have power to enforce this article by appropriate legislation.

ARKANSAS.

MEMPHIS, January 28.

In an interview with the agent of the Western Associated Press, to-day, Gov. Clayton, of Arkansas, gave the following account of affairs in that State. He said that the whole truth should be known and nothing covered up. He said that the militia was not organized, but the officers, as far as practicable, had been summarily dealt with. On the whole, the militia would have done well. Many outrages reported, had not been done by the State troops, but by marauders who followed in their wake, representing themselves as militia. As the State was too poor to uniform them, this evil could not be remedied; but the officers had instructed the citizens to shoot down all such pretended militia. Another cause of reported outrages was that the militia had been ordered to follow the State troops, but by marauders who followed in their wake, representing themselves as militia. As the State was too poor to uniform them, this evil could not be remedied; but the officers had instructed the citizens to shoot down all such pretended militia.
